ABOUT PYFA

An Integrated Pharmaceutical & Healthcare Group

PT Pyridam Farma Tbk (IDX: PYFA) is a leading integrated pharmaceutical and healthcare group committed to improving the quality of life through accessible, innovative, and high-quality healthcare solutions. With a strong foundation in pharmaceutical manufacturing and distribution, PYFA has grown into a diversified healthcare ecosystem that proudly serves both domestic and international markets.

Operating across the full healthcare value chain, PYFA's capabilities span from research and development (R&D), advanced manufacturing, and stringent quality control, to nationwide distribution and market access. We manage multiple strategic business units dedicated to producing a comprehensive range of prescription medicines, including tablets, capsules, creams, and injections.

To support our sustainable growth and expand our impact, the PYFA Group encompasses a robust network of well-known subsidiaries, notably PT Holi Pharma, PT Ethica Industri Farmasi, and Probiotec.

Backed by decades of industry experience, certified production facilities, and an unwavering commitment to Good Manufacturing Practices (GMP), PYFA continuously strengthens its operational excellence. Focusing on ethical pharmaceuticals, consumer health products, and strategic partnerships, innovation remains at our core and integrity as our foundation. PYFA Group strives to be the trusted healthcare partner of choice for professionals, institutions, and communities worldwide.

PT PYRIDAM FARMA TBK

The Strategic Growth Driver

Established in 1976 and publicly listed on the Indonesia Stock Exchange since 2001 (IDX: PYFA), Pyridam Farma serves as the holding and strategic driver of the Group. Over the years, PYFA has evolved from a traditional prescription drug manufacturer into an integrated regional healthcare platform with diversified portfolios across pharmaceuticals, consumer health, and specialty segments, positioning itself as a future-ready healthcare investment group in the Asia-Pacific region.
